Have you been working on your book but can't quite get it done?

Wouldn't it be great to have your book done before the Holidays?

It's true! You could have your book written and self published in the next 16 weeks through two amazing online courses that I offer! You will be amazed at how much you accomplish without the usual pain and agony experienced by many first-time authors.

Do you know what my first piece of advice will be for you? **Stop writing your book!** Would you build a house without a blue print? Not if you wanted it to stand. Then why try to write a book without a plan? I will walk you step-by-step through it all.

Course 1: Get It Started!

In this course you will:

Class 3: Clarify the Problem Your Book Will Solve

Class 4: Identify Your Competition (and Why Your Book is Better)

Class 6: Structure Your Book for Success

Class 7: Chart Your Chapters
